01 | About Me

Hello! I’m Sree, a beginner freelance service provider focused on English typing and simple data-entry tasks. I aim to turn supplied information into clean, readable, well-organized documents and spreadsheets.

Services I can help with

Service	What I can do
English typing	Type text from clear handwritten or scanned source material supplied by the client.
Copy-paste tasks	Move provided information into the requested document or spreadsheet.
Data entry	Enter and organize names, dates, product details, and other supplied records.
Spreadsheet cleanup	Arrange columns, apply consistent headings, and improve basic readability.
Document formatting	Organize text with headings, paragraphs, and consistent spacing.
Basic web research	Collect specific publicly available details using client-approved criteria.

Tools

Microsoft Word, Microsoft Excel, and Google Sheets where available and suitable for the task. I only accept work that matches my current skills and the agreed requirements.

02 | Sample Data Entry

Example: a small product list entered into a clean spreadsheet with consistent column names. This is fictional demonstration data.

Product ID	Product Name	Category	Quantity	Status
P-101	Notebook	Stationery	25	In stock
P-102	Blue Pen	Stationery	40	In stock
P-103	Desk Organizer	Office	12	In stock
P-104	Water Bottle	Accessories	0	Out of stock
P-105	File Folder	Office	18	In stock

What this sample demonstrates

- Clear column headings
- Consistent data formatting
- Easy-to-scan rows
- Simple status tracking

Sample typing format

Source text: Please contact the office before 4:00 PM. Bring your completed form and student ID.

Typed output:
Please contact the office before 4:00 PM. Bring your completed form and student ID.

The source and typed output above are intentionally short so a buyer can quickly see the basic formatting style.

03 | How I Work

1. Understand the brief

I review the instructions, source files, required format, and deadline.

2. Enter the information

I type or transfer the provided information carefully.

3. Check the result

I review headings, spelling, rows, and basic formatting against the supplied source.

4. Deliver the file

I deliver the agreed file format through Fiverr and make agreed revisions if needed.

What to provide when ordering

- Source file, image, or text
- Required output format (Word, Excel, or Google Sheets)
- Any formatting rules or examples
- Deadline and approximate number of entries

A note to clients

Please message me before ordering if your task has special requirements. I will confirm the scope and delivery time before starting. I do not claim specialist or advanced skills beyond the agreed task.
